

Professional Spend Management

SUPPLY CHAIN MANAGEMENT SOLUTIONS THAT WORK FOR YOUR BUSINESS.

The Fulton Group is a consulting and managed service provider offering a full range of end-to-end supply chain management solutions for the plumbing, mechanical, HVAC and new construction industries. We've teamed with industry leading service providers and material suppliers in order to customize best practice solutions that work for your business.

From software implementation and training to outsourced materials management and order fulfillment, The Fulton Group is ready to train your staff in best practice supply chain management applications or we'll engineer and manage the process for you.

With nearly fifty years of combined industry experience, we understand the demands of the trade and the demands of your customer. Whether it's commercial, new construction, install or service, we know what it means to get the right product to the jobsite at the right price and on time.

Supply Chain Management Your Way

AVAILABLE SERVICES

STRATEGIC SOURCING & PROCUREMENT

With an average of 22% material cost savings, Fulton's centralized purchasing process connects your business to our local, regional and national supplier network.

Every order is posted for bid at the line item level of detail and our professional team of buyers will ensure that each purchase meets our strict standards for cost, fill rate, lead-time and delivery.

INVENTORY MANAGEMENT

After completing a full physical inventory of all warehouses and stocked vehicles, Fulton will install customized vehicle load plans and **demand-based** replenishment systems to minimize stockouts and maximize the turnover of your entire inventory investment.

SOFTWARE & FIELD TECHNOLOGY

Fulton has teamed with the industry leading software providers to offer a fully integrated, end-to-end supply chain management solution for your business.

We'll direct the implementation of our perpetual inventory management and order fulfillment systems and train your staff in best practice materials management.

SUPPLY CHAIN BOOT CAMP, CONSULTING & PROJECT MANAGEMENT

Don't want to outsource? Just need inventory setup assistance? Staff training? Let Fulton manage your ad-hoc project for you or train your staff to manage it themselves.
